Join Us in Making a Difference

By becoming a member of our club, you'll not only be supporting The Center financially, but you'll also be playing a vital role in shaping the future of our community. Your pledge will enable us to expand our programming, offer more activities at low to no cost, and ultimately, create a more vibrant and inclusive community space for all to enjoy.

How to Join

Joining our club is easy! Simply pledge your support of \$1000, which can be contributed over four quarters or as a lump sum. Your generosity will make a tangible difference in the lives of those we serve and contribute to the continued success and growth of The Center. Donations can be made online:

www.thecenteronrosser.org/donate

The Center is working diligently to stock our new Kid's Kloset, where families can find things such as a seasonally appropriate coat, a pair of shoes that fit, school supplies and books, developmental toys, or other items that a child living in poverty might need.

We're looking for new and like-new donated items appropriate for children, ages newborn to 12 years old. The new school year will be here before we know it (August 1!), and your donations are more important than ever!

Please help us stock The Kid's Kloset, either through direct donations or by hosting a collection drive at home or at work. Thank you for your support!

A vibrant graphic for a casino night event. The word "Casino" is written in a large, orange, cursive font with a black outline. May is Better Hearing Month!

Healthy hearing means not waiting to check your hearing until hearing loss is so significant it's impacting your ability to participate in your work, social events you enjoy, or conversations with loved ones. Subtle changes in hearing may not be immediately noticeable but can make a big difference in quality of life. Prescott Hearing Center can check your hearing and make recommendations for improving hearing health and function and can offer tips for protecting your hearing to make sure it can serve you well for a lifetime.

Research demonstrates that untreated hearing loss in seniors is related to poor health outcomes including a significant increase in falls, and dementia. Individuals with even mild hearing loss experience significant impact in the form of reduced quality of life and cognitive health. Most importantly, hearing is what connects us to the people in our lives and as we age, those social connections are increasingly valuable. It's so important that we treasure our hearing and do all we can to support healthy hearing for a lifetime.

Call us today to schedule your hearing test at one of our convenient locations at 928-899-8104!
